

# Atrium Health Lincoln

Welcome to Atrium Health Lincoln. Our nurses aim to establish trust, educate and advocate for patients, and coordinate compassionate care using the highest standards of nursing practice. We believe in open communication and are here to guide and support you and your family throughout your journey with us. Nurses do more than treat patients. They care for the whole person, their families, and loved ones. We encourage you to speak up if you have feedback or concerns about your experience. Our team is committed to listening and responding with empathy and professionalism while reviewing all feedback to ensure we provide the highest quality care. We are honored to serve you and are committed to providing an environment that promotes healing and comfort.

Warm regards,

Michelle Reed, DNP, RN, NEA-BC, Chief Nursing Officer, Atrium Health Lincoln

Recommended for safe care by **91.4% of teammates**
