

ATTENTION

**NC State Health
Plan members**

Lowest Cost-Share. Trusted Care.

Whether you already receive care at Atrium Health or are choosing us for the first time, our Affordability Protection Program can help you pay less. Starting January 1, 2027, enrolled NC State Health Plan members will have the lowest copays and overall cost-share for care at any Atrium Health facility or with any Atrium Health provider.

- ☑ **Your care team, your choice**
Keep seeing the Atrium Health doctors and specialists you trust or find an Atrium Health provider for your care.
- ☑ **Get the care you need**
Affordability protections apply across primary care, specialty care, outpatient and inpatient services.

Your next step

During open enrollment, select or keep an Atrium Health primary care provider to receive care at these new lower costs in 2027.
