

HELPING EMPLOYERS MANAGE COVID-19

Easily track vaccination status, weekly testing and daily symptoms.

Whether you need assistance tracking employee compliance with COVID-19 vaccine and testing mandates, or support with daily symptom screening, our web-based platform SneezSafe can help.

In addition to simplifying how employers manage tracking and reporting, our customizable tool makes it easy for employees to comply with COVID-19 requirements.

Employees can:

- **Upload weekly testing results**
- **Upload proof of vaccination**
- **Track symptoms** daily via text or email reminders with a direct survey link
- **Get connected** to follow-up care, if needed
- **Access the platform** from any device, no app download required

Employers can:

- **Access real-time dashboards and daily reports** on symptoms and compliance
- **Input notes and/or clearance updates** for employees with ease
- **Set flexible employee groupings** that support multi-location or complex businesses
