

# Mental Health First Aid Training

Sometimes, first aid is more than a bandage, CPR or the Heimlich Maneuver

## What is mental illness?

Mental illness includes a wide range of disorders and symptoms, from substance use to eating disorders and depression, that can affect a person's ability to work, succeed in school and maintain healthy relationships.

## What is Mental Health First Aid?

Mental Health First Aid (MHFA) is a public education program that teaches participants how to recognize and respond to the signs of a mental health challenge. Mental Health First Aid is help for a person experiencing a mental health challenge, mental disorder or a mental health crisis. The first aid is given until appropriate professional help is received or the crisis resolves.

## Who should take Mental Health First Aid training?

The course is designed for anyone interested in learning how to properly support people showing early or worsening signs of a mental health challenge.

## 4 Reasons to Become a Mental Health First Aider

**1. Mental illnesses are common**  
**1 in 5** US adults experience mental illness in any given year

**Half of all chronic mental illness** begins by age 14 and three-quarters begin by age 24

**2. Be prepared**  
When a mental health crisis happens, you will know what to do

**3. You can help**  
People with mental illnesses often suffer alone

**4. You care**  
Be there for a friend, family member or colleague

## During the MHFA training course, you will learn:

- A 5-step action plan to identify, understand and respond to an individual experiencing a mental health challenge
- Facts about mental illness and substance use disorders
- How to talk to someone in crisis
- Information about resources in our community for people experiencing a mental health challenge

# Mental Health First Aid Training Course Delivery Options

## Building healthy minds and strong communities

At Atrium Health, we strive to support the growth of healthy and vibrant communities, and we believe this takes everyone working together. In this light, we offer Mental Health First Aid as a vital tool to educate and empower members of our community with the ability to reach out and help those around them manage mental illnesses or substance use disorders.
