Print Name

Acknowledgement of practitioner

I have requested only those privileges for which by education, training, current experience, and documented performance I am qualified to perform, and that I wish to exercise at Atrium Health, and I understand that:

1. In exercising any clinical privileges granted, I am constrained by hospital and medical staff policies and rules applicable generally and any applicable to the particular situation.
2. Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such a situation my actions are governed by the applicable section of the medical staff bylaws or related documents.
3. All members of the medical staff are required to treat patients, their families, hospital staff, and colleagues in a respectful and professional manner at all times. Each member of the medical staff is expected to comply with hospital and medical staff code of conduct policies. Failure to do so may be the basis for dismissal.
