

# Atrium Health

## IMPORTANT

Dear Applicant

Enclosed you will find the Delineation of Privileges Form specific to your specialty. This form reflects the minimum qualifications as outlined and approved by the Atrium Health Medical Staff.

- Please thoroughly review and select your desired clinical privileges. Check the box corresponding to the privileges that you are requesting. Applicants should only request those privileges where the criteria has been achieved.
- After you have selected your privileges, sign, date, and submit the **required documentation** for each privilege selected. (i.e. case logs, fellowship director letter, ACLS documentation)
- Where case logs are required, please include 1) Date of procedure, 2) Medical Record Number, 3) Procedure Type and 4) Privilege Number listed on the Delineation of Privileges Form.
- Privileges for which you have not selected or do not meet the minimum criteria cannot be performed.
- If you wish to perform privileges and do not have documentation of the minimum criteria requirements as outlined on the Delineation of Privileges Form, you will need to request permission to proctor through Medical Staff Services.
- Failure to return the Delineation of Privileges Form along with the required documentation will **delay** your start date.

If you have any questions or concerns, please contact the Medical Staff Services teammate assigned to your file.

	YES		NO*	I have participated in direct patient care in the hospital setting within the past two (2) years.
--	-----	--	-----	---

**\*If the answer is “No”, please do not complete this form. Contact the Medical Staff Office at (704) 355-2147 for additional instructions regarding the required proctoring process.**

**Initial appointment**     **Reappointment**     **Updated DOP**     **Request for Clinical Privileges**

To be eligible for core privileges, the applicant must meet the following qualifications:

- If the applicant is not currently subspecialty certified in Medical Toxicology by the American Board of Emergency Medicine (ABEM), the American Board of Preventative Medicine (ABPM), or the American Osteopathic Board of Emergency Medicine (AOBEM), the applicant must:
  1. Provide documentation of successful completion of an ACGME or AOA accredited Medical Toxicology fellowship training program within the past five (5) years; **AND**
  2. Verification from the fellowship Program Director that the Applicant successfully completed the program. Experience must include evidence of current clinical competence during the past two (2) years. The Applicant has the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, and other qualifications and for resolving any doubts; **OR**
- If the applicant is currently subspecialty certification in Medical Toxicology by the American Board of Emergency Medicine (ABEM), the American Board of Preventative Medicine (ABPM), or the American Osteopathic Board of Emergency Medicine (AOBEM), the applicant must:
  1. Verification from the Department Chief where the Applicant most recently practiced documenting that the Applicant has provided inpatient or consultative services for at least twenty-five (25) medical toxicology patients during the past two (2) years. The Applicant has the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, and other qualifications and for resolving any doubts.

NOTE 1: Physicians must apply for “CORE” privileges in order to be eligible for clinical privileges in the specialty of Medical Toxicology at any facility within Atrium Health.

NOTE 2: “CORE” privileges cannot be amended or altered in any way.

NOTE 3: Please note that the exercise of certain privileges enumerated herein is necessarily limited by the operational, and resource constraints of the facility. All procedures must be performed within a clinical setting with the capabilities and organizational structure required to provide appropriate support.

CMC	Pineville	University City	CR	Lincoln	Cabarrus	Union	Stanly	Anson	Cleveland	<b>MEDICAL TOXICOLOGY CORE PRIVILEGES</b>	
			N/A							CTOX-1	Core privileges for medical toxicology include the ability to evaluate, treat, and provide consultation to patients of all ages. N/A	N/A	N/A		N/A	N/A	N/A	N/A	N/A	N/A	CTOX-2	Privileges include evaluation, assessment, diagnosis, consultation and management, and procedures approve for performance within the acute rehabilitation setting, to patients with physical and/or cognitive impairments and disability, in conjunction with the comprehensive rehabilitation goals and treatment plan.

REFEERED

**PRIVILEGES REQUESTED BY:**

I have requested only those privileges for which by education, training, current experience, and demonstrated performance I am qualified to perform, and that I wish to exercise at Atrium Health and;

I understand that:

- a) In exercising any clinical privileges granted, I am constrained by hospital and medical staff policies and rules applicable generally and any applicable to the particular situation.
- b) Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such a situation my actions are governed by the applicable section of the medical staff bylaws or related documents.

I attest that I am not currently a user of illegal drugs or do not currently abuse the use of legal drugs.

I attest that I do not have a physical or mental condition which could affect my motor skills or ability to exercise the clinical privileges requested or that I require an accommodation in order to exercise the privileges requested safely and competently.
