

Complete Your Advance Directive

Free opportunities to review and notarize your Health Care Power of Attorney and Living Will forms.

Most of us hope we will always be independent, healthy and in control of our own lives. But a sudden accident or serious illness can take away that freedom. When that happens, our loved ones are asked to make medical choices for us. Take control of your future care with an advance directive.

Think About It. Talk About It. Write it Down.

At our workshops, trained instructors will provide information about advance care planning and will walk you through the **Health Care Power of Attorney** and **Living Will** documents. You will have the opportunity to have all your questions answered and learn what steps to take next.
