

# Urgent Care Video Visits

## 24/7 Convenience

With urgent care video visits, it's easy to get health care 24/7 from anywhere – home, work or on the go. Discover a convenient, private and secure way to get timely care for minor illnesses and conditions from trusted Atrium Health medical providers.

### No appointment needed.

Available to new and existing patients of all ages. Most insurance plans accepted.

### Conditions commonly treated include:

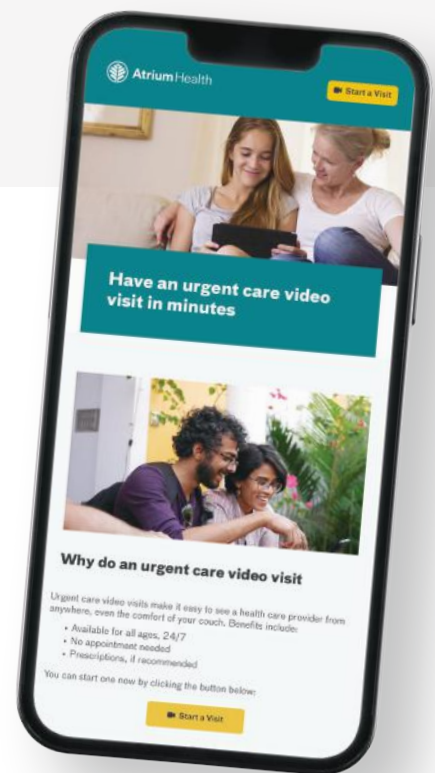

- Cold or flu
- Fever
- Seasonal allergies
- Upset stomach
- Sinus and upper respiratory infections
- Pink eye
- Minor skin conditions, rashes, lice
- Urinary tract infections

### How it works: All you need is a phone or tablet.

1. Go to [AtriumHealth.org/VirtualVisit](https://AtriumHealth.org/VirtualVisit) or scan the QR code below
2. Click on **Start a Visit**
3. Log in to **MyAtriumHealth**, or continue without an account
4. Follow the instructions, and you'll be connected with a provider shortly

If needed, prescriptions are sent to your chosen pharmacy.
