

Bariatric Surgery Seminar Post-Assessment

Thank you for taking the time to learn more about bariatric surgery at Carolinas HealthCare System. Before becoming a bariatric surgery patient, you must view the online bariatric surgery seminar in its entirety and answer the following questions. If you need clarification, we encourage you to reach out to your patient navigator.

We look forward to partnering with you on your weight loss journey!

Please answer all the questions below.

1. To qualify for bariatric surgery, you must have a BMI of at least 35 and have tried and failed other options to lose weight.
True
False
2. The goals of bariatric surgery are to improve health, improve quality of life, live longer, and resolve or minimize associated health problems (co-morbidities).
True
False
3. The vertical sleeve gastrectomy and gastric bypass (RYGB) are two procedures that the CMC-Mercy bariatric program offers.
True
False
4. You may proceed with surgery if you currently smoke or use tobacco products.
True
False
5. In the CMC-Mercy bariatric surgery program, greater than 99% of the procedures are performed laparoscopically with the use of small incisions.
True
False
