

Who's Your Living Donor Champion?

The waiting list for a deceased-donor kidney transplant continues to grow each year, but the number of available organs remains relatively stable. We are constantly trying to find ways to increase the number of organs available to our patients so they may avoid dialysis and a lengthy stay on the waiting list. Identifying and receiving a transplant from a live donor is one solution.

Anyone can be a living donor champion!

A living donor champion is an individual(s) that will help find people interested in being a kidney donor for you. Your champion(s) can be any friends, acquaintances, or family members that is invested in helping you find potential living donors.
