**RE: County Stay at Home Order**

March 26, 2020

To Whom it May Concern:

The individual with this letter is an employee of Atrium Health. Because healthcare operations are considered an essential business under the current Stay at Home Order, they are permitted to leave their residence to commute to/from work. Given the 24-hour nature of healthcare operations, our employees may be commuting outside of traditional business hours.

Thank you for understanding the need of our employees to be out during this Stay at Home Order.

Sincerely,

Jim Dunn, PhD, DHA, DAST, FACHE  
EVP and Chief People and Culture Officer  
Atrium Health
