

Professional Licensing and Certification Disclosure
Nursing (Associate Degree)

Cabarrus College clinical programs embrace best practices in healthcare education and prepare students for professional licensure, certification, and practice. Educational requirements to sit for credentialing examinations and to practice vary from one state to the next.

Cabarrus College researched educational requirements for the following states and territories, and per federal requirements, has determined whether or not its program curricula meet educational requirements for licensure/certification. Please note that each state likely has additional requirements for becoming licensed.

The [National Council of State Boards of Nursing](http://www.ncsbn.org) maintains an active website linking to each state's licensing board. Cabarrus College strongly encourages prospective and enrolled students to contact the licensing board or regulatory agency in the state/territory in which they wish to practice for additional information and to confirm whether successful completion of our program meets state credentialing requirements. For local assistance, please contact ADN Program Chair Patricia Mullens at Patricia.mullens@cabarruscollege.edu (401 Medical Park Drive, Concord, NC 28025, 704-403-3518).
