

SPARK

Ignite Your Career in Health Care

Cabarrus College of Health Sciences invites Atrium Health teammates to get a head start on your college degree with our **Spark** program. Take college-level courses with us—on campus or virtual—and earn credits towards a degree of your choice*.

\$0 Tuition Cost

The **Spark** program will cost you nothing! Use your \$1,500 Educational Assistance (EdAssist) benefit. **If you earn less than \$45,000, you will be provided a “letter of credit” to Cabarrus College so you don’t have to worry about getting reimbursed.**

Take up to 12 credit hours (usually four classes) as a non-degree student with a tuition rate of \$80/credit hour. At this rate, you will still have EdAssist dollars left for books.

12 College Credits Toward a Certificate or Degree

Successfully complete up to four courses as a non-degree student and earn 12 credits towards one of more than 10 degrees in nursing or health sciences at Cabarrus College*.

Flexibility

Courses are offered in various formats, including in-person, online, and hybrid (both in-person and online).

Our Professors Speak from Experience

Sit in the same classes with all other Cabarrus College students and be taught by the same passionate professors. Most of our faculty come to Cabarrus College with exceptional experience in their fields. When they teach, it comes from the heart —and from experience.

Support

Spark students have access to student support services, such as tutoring, advising, student activities and more, just like every other Cabarrus College student.

*Participation in the Spark program and/or completion of courses does not guarantee admission into an academic program. Visit CabarrusCollege.edu/Spark to view Terms & Conditions.
