OCCUPATIONAL THERAPY PLEDGE

From the privilege and rights this degree brings, I hereby pledge to hold my knowledge in trust for the good of those people whom I serve.

Therefore, I will:

Endeavor to keep both the profession and the occupational needs of the clients and communities I serve foremost in my thoughts and actions;

Deliver occupational therapy services that demonstrate excellence at all levels of care while valuing and honoring diversity and respecting others as equals;

Advocate for needed services and the rights of clients regardless of the constraints I may face;

Strive to always act in a manner that is consistent with the philosophical base and values of the profession by upholding the occupational therapy code of ethics, abiding with those in need of care even in the face of personal risk, and upholding the dignity of all human beings regardless of their condition; and

Model and foster leadership, and facilitate spiritual, personal, and professional growth for myself, my profession, and in others.

In keeping with the high ethical and moral standards of Cabarrus College of Health Sciences, I will seek to be receptive to what those around me have to teach me, be committed to scholarship and the lifelong pursuit of truth, and be dedicated to building a human community of justice, respect, and mutual concern.
