Main number for questions is 336-716-LABS for Laboratory Customer Service. Patients with requisitions may proceed directly to any of these clinics to have blood specimens drawn. Referred pediatric patients requiring blood collection should be directed to the Pediatric Outpatient or CompRehab locations. Outside accounts who may utilize a prescription pad for a lab requisition may direct patients to any of the outpatient collection stations.

Patients must have lab orders, either paper or electronic, for all tests ordered to give to the phlebotomy technician prior to having blood drawn.

Referring Providers

Atrium Health Wake Forest Baptist has a reputation for providing high-quality healthcare across the region. We are proud that many of our physicians are consistently ranked among America's Top Doctors®. We recognize that the decision to refer a patient to Wake Forest Baptist Health should be easy, and we want to ensure the referral process is convenient for you, your staff and seamless for your patients.

Our Atrium Health Wake Forest Baptist Provider Relations Team is a dedicated resource for you and your practice to support the process of referring your patient to our health system for care. Referring Providers and their staff can contact the team with questions, referral assistance, and/or to schedule an in-person meeting.

WakeHealthLink

WakeHealthLink is a convenient and secured web-based portal designed to improve communication and enhance patient care. This portal provides real-time access to your patients' medical records within the Atrium Health Wake Forest Baptist System, the ability to communicate directly with our specialists as well as send specialty referrals quickly and easily, resulting in improved continuity of care.

For more information or to request access to WakeHealthLink, contact a physician liaison at PhysicianLiaisons@WakeHealth.edu or visit [WakeHealth.edu/Link](https://www.wakehealth.edu/Link).
