

National COVID Cohort
Collaborative (N3C)

- N3C is a partnership with the NCATS-supported Clinical and Translational Science Awards (CTSA) Program hubs and the National Center for Data to Health (CD2H)
- Collaborators can contribute COVID-19 related data, and use data to answer questions about COVID-19
- As of 1/4/2021 the following are part of the Electronic Health Record Repository:
 - 2.5 Million+ Patients
 - 413,228 COVID-19 Positive Patients
 - 2.6 Billion+ Rows of Data
 - 40 Sites Onboarding Data
