

# Translational Pilot Program

## Offerings

### Ignition Funds (\$5K)

Monthly **rapid-access awards** designed to help investigative teams maintain momentum.

### Basic/Translational Science RFA (\$40K)

Yearly awards supporting **basic research** and **preclinical research projects** that develop novel technologies and methodologies, test the feasibility of novel approaches and stimulate interdisciplinary collaborations.

### Clinical/Population Health RFA (\$40K)

Yearly awards supporting **clinical research**, **clinical implementation** and **public health projects** that develop novel technologies and methodologies, test the feasibility of novel approaches and stimulate interdisciplinary collaborations.

RFA Opens Early Fall Yearly

## Mission

To support high-impact pilot projects that **help catalyze translation** of discoveries to treatments or the delivery of care.

## Leadership

### Sabina Gesell, PhD
