

THE CTSI TEAM SCIENCE PROGRAM PRESENTS:

2024-2025 Translational Science Leadership Academy

for Staff Research Team Leaders

The Translational Science Leadership Academy provides Staff Research Team Leaders with training and essential tools needed to effectively lead their research teams.

Topics Include:

- Communicating a clear vision
- Self-awareness as a leader
- Decision making
- Trust building and team diversity
- Conflict management

Online sessions will be held the 3rd Wednesday of every month.

October 2024 – February 2025
(10/16, 11/20, 12/18, 01/15, 02/19)

8:30AM – 10:30AM ET
(7:30AM – 9:30AM CT)

Administered By:

Amy Wallis, PhD
Teaching Professor
Wake Forest University School of Business
Staff Leadership Academy Administrator

Applicants should be responsible for administratively supporting Research Faculty by coordinating and managing research teams. Successful completion will require virtual attendance and participation (cameras ON) in at least four of the five academy sessions.
