MD ALUMNI
WEEKEND
MAY 3 – 5
2024

Wake Forest University
School of Medicine

join us

Boulware

Greetings, Alumni!

I am excited to invite you to join us for MD Alumni Weekend '24, when we will celebrate our alumni who graduated in years ending in either a four or a nine.

We have a full weekend of activities planned, all of which are outlined in this brochure. Following the afternoon's offerings on Friday, May 3, join us for our annual Medical Alumni Association Celebration Dinner. We look forward to honoring recipients of our Distinguished Awards and recognizing members of the MD Class of 1974, as they are inducted into the Bowman Gray Society as part of their 50th class reunion.

I look forward to our time together on Saturday, May 4, for Conversation with the Dean when members of my leadership team and I will share updates on how we are advancing medical education, grounded in principles of humanism, compassion, health equity and evidence-based inquiry, for our students in Winston-Salem and at our soon-to-be second

campus in Charlotte. Additionally, Saturday offers tours of the medical school and simulation labs, a trolley ride around Winston-Salem, noting the many updates in our community since you graduated, free admission to the Reynolda House and lunch on the patio with fellow graduates. The highlight of the weekend comes Saturday evening with the Kentucky Derby Party reunion reception, followed by class dinners and dancing the night away at the Deacon Doc Party.

We look forward to seeing you and welcoming you back to your Wake Forest University School of Medicine!

L. Ebony Boulware, MD, MPH
Dean, Wake Forest University School of Medicine
Chief Science Officer and
Vice Chief Academic Officer, Advocate Health

Reynolda House welcomes Wake Forest University School of Medicine alumni and guests to its annual Community Day. Explore the museum's historic landscape, permanent collection of American Art and featured exhibition, *Seen & Unseen: Photographs by Imogen Cunningham*. Recognized for helping establish photography

as an art form, Cunningham incorporated the human figure and nature when she began photography. Pflanzenformen, the botanical still-lives the artist first made in the 1920s, are known as some of the finest examples of Modernist photography. Unusual and rare images are presented alongside iconic ones, revealing why this American artist is one of the most important pioneers of photography. *Reynolda House is an affiliate of Wake Forest University.*
