

**Translational Health System Science (THSS) Plan of Study**

***Clinical & Translational Investigation Track***

*All listed courses are required for the degree; substitutions require program and graduate school approval*

<b>Year One</b>		
<b>Summer</b>	<b>Fall (13 hours – 14 ASIP concentration (italics))</b>	<b>Spring (13 hours – 14 ASIP (italics))</b>
No summer coursework in Year One	<p><b>Required Courses</b></p> <p>THSS 703 Ethics &amp; Responsibility in THSS I (1)            THSS 748 Translational Research Methods I (2)            THSS 731 Introduction to Biomedical Informatics (2)            THSS 720 Epidemiology (4)            THSS 730 Introduction to Biostatistics (4)</p> <p><b>Recommended Courses</b></p> <p><i>THSS 725 Global Health Seminar (1)</i></p>	<p><b>Required Courses</b></p> <p>THSS 704 Ethics &amp; Responsibility in THSS II (1)            THSS 749 Translational Research Methods II (3)            THSS 742 Clinical Trial Methods (3)            THSS 732 Statistical Modeling (4)            THSS 740 Scientific Writing (2) – <i>not required for ASIP</i></p> <p><b>Recommended Courses</b></p> <p><i>THSS 722 Antimicrobial Stewardship (3)</i></p>
<b>Year Two</b>		
<b>Summer (6 hours – 9 ASIP (italics))</b>	<b>Fall (9 hours)</b>	
<p><b>Required Courses</b></p> <p>THSS 751 Research Paper (1-3)            THSS 736 Implementation Science (2)            THSS 741 Research Grant Preparation (1)</p> <p><b>OR</b></p> <p><i>THSS 723 Infection Prevention (3)</i></p>	<p><b>Required Courses</b></p> <p>THSS 751 Research Paper (3-9)</p> <p><b>Recommended Courses</b></p> <p><i>THSS 725 Global Health Seminar (1)</i></p>
