

HOUSING GUIDE

WAKE FOREST BIOMEDICAL GRADUATE PROGRAMS

UPDATED APRIL 2026

WELCOME

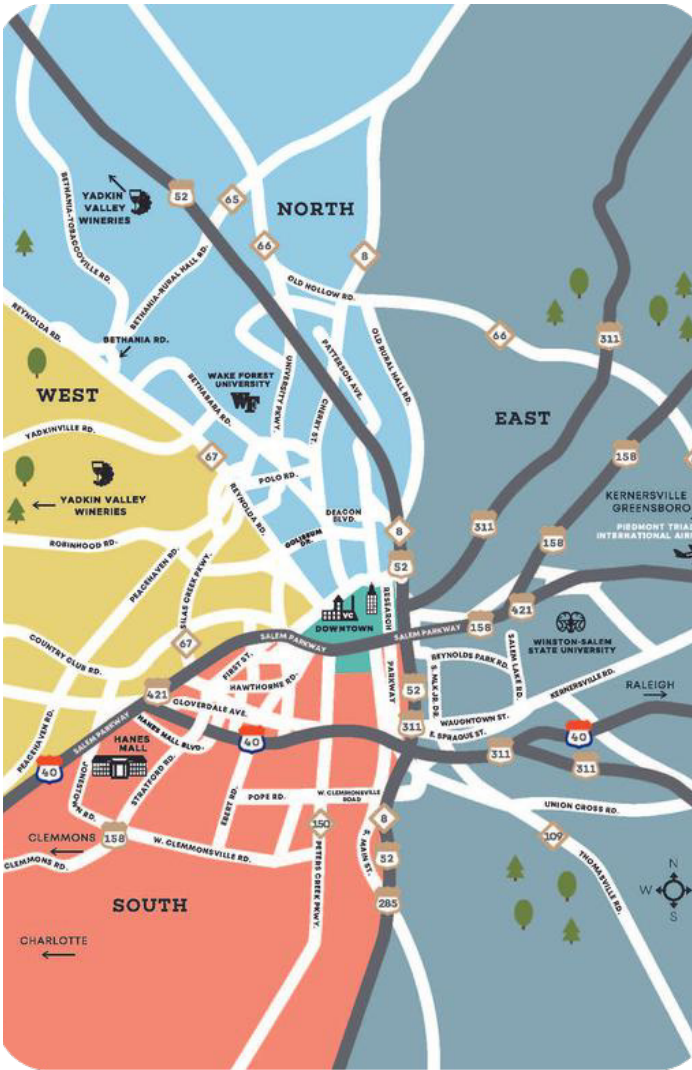

Thank you for considering Wake Forest Biomedical Graduate Programs. We know housing can be a major part of your decision, and our guide serves as a starting point as you explore options in the Winston-Salem area.

This guide provides an overview of local rentals and neighborhoods. Please note that availability changes as the area grows and new listings appear.

For accepted students - check out the Incoming Class of Wake Forest Biomedical Graduate Programs Facebook page to connect with students sharing housing options/looking for roommates.

HOUSING RESOURCES

Wake Forest Biomedical Graduate Programs is located in Winston-Salem, NC, with students based at multiple locations across the city. The majority are located at Innovation Quarter in downtown Winston-Salem, a growing area with nearby businesses, outdoor spaces such as Bailey Park, and apartment options.

Students are also based at the Medical Center – Atrium Health Wake Forest Baptist Hospital. Short commute times and major roadways, including Interstate 40, Highway 52, and Salem Parkway/421, make getting around the city convenient.

HELPFUL INFORMATION BEFORE YOU GET STARTED

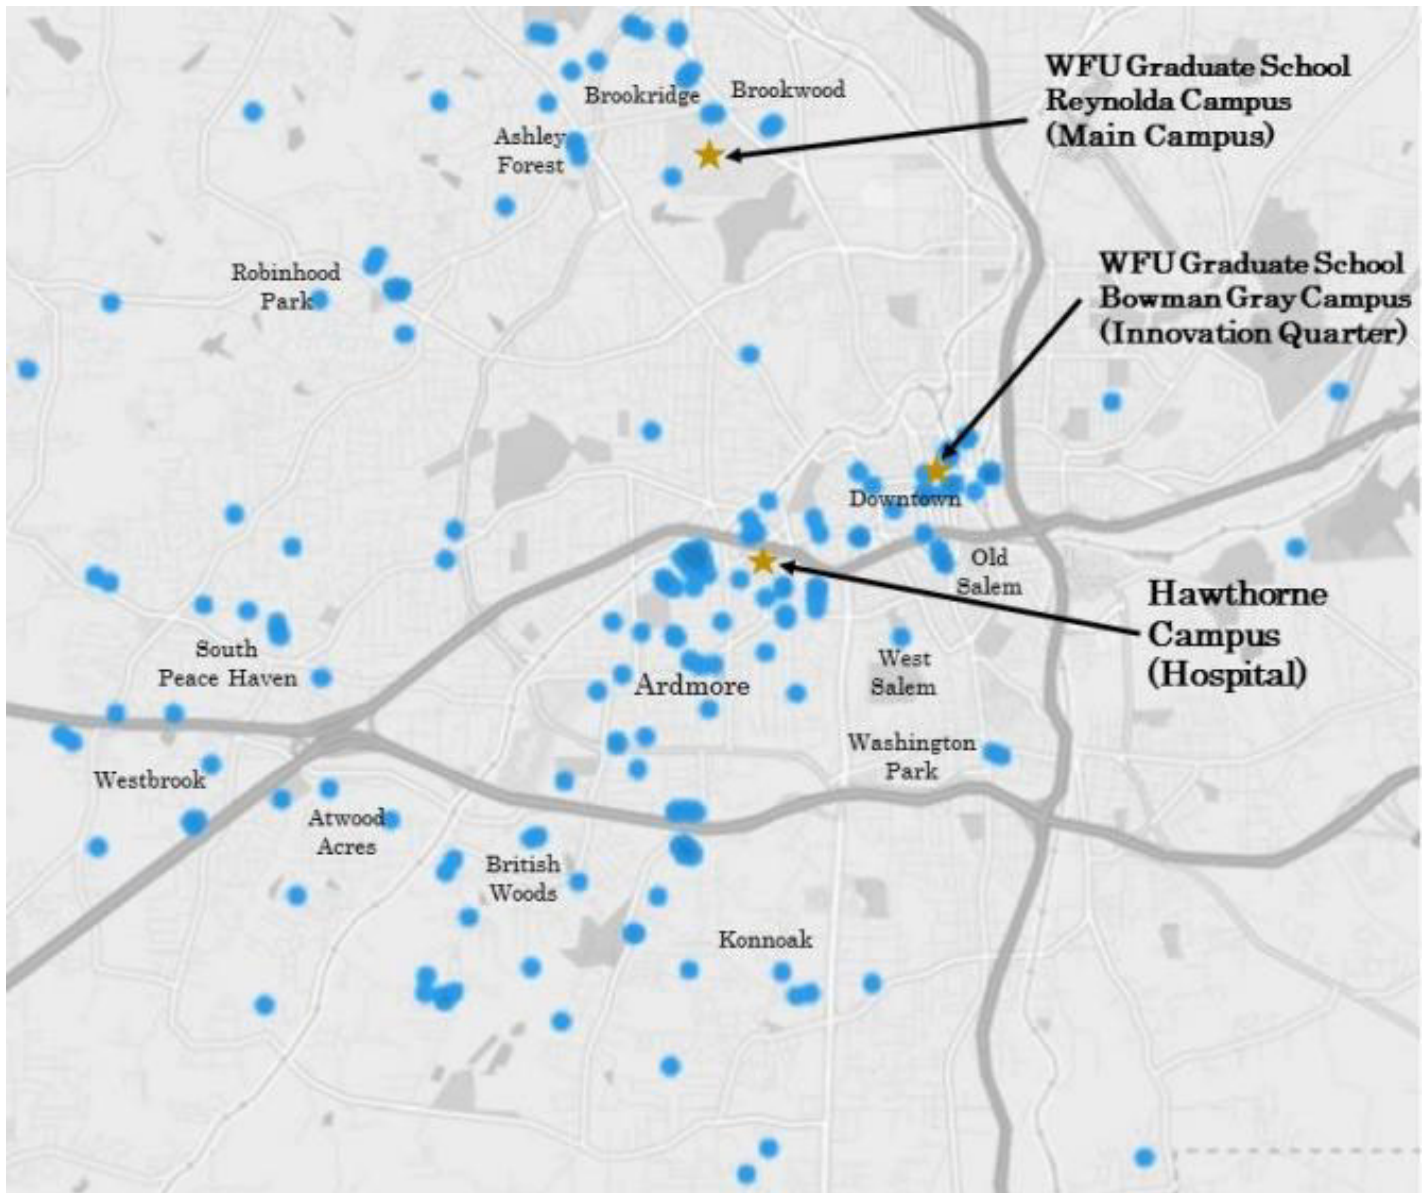

- Begin looking a few months before moving. If arriving in late July or early August, start even earlier, as housing fills quickly.
- Our student ambassadors can share honest insights about apartment complexes and neighborhoods.
- Consider surrounding factors like traffic near schools (busy from 7:30–9:00 AM and 2:30–4:00 PM) and access to grocery stores, restaurants, and services.
- Look at what's included (utilities, trash, parking, pet policies, etc.) to understand the full monthly cost.
- A car is generally necessary, and most students commute 10–15 minutes. However, there are apartment in a walking distance of campus.
- Some students choose to rent or buy a house instead of an apartment, depending on budget and needs.

SURROUNDING AREAS

Winston-Salem offers a variety of affordable housing options. The following neighborhood map overlay identifies neighborhoods that our biomedical sciences graduate students have elected to live.

We hope this map can be used as a resource for new incoming students, as well as current students, looking for popular neighborhoods to live in.

POPULAR AREAS TO LIVE

DOWNTOWN WINSTON-SALEM

Downtown Winston-Salem is a popular living option for students who want to be close to the city center. Many downtown apartments are within walking distance or a short drive of restaurants, coffee shops, bars, breweries, shopping, and the Innovation Quarter campus.

ARDMORE

Ardmore is also a popular option for students who want to live closer to the Atrium Health Wake Forest Baptist Medical Center campus while enjoying a quieter environment outside the city center. It offers a wider range of housing options and is located near Hanes Mall, grocery stores, and other shopping areas.

REYNOLDA

Lastly, some students choose to live near the Reynolda Campus, home to Wake Forest University's undergraduate and Arts & Sciences graduate programs. The area offers affordable housing options and the convenience of being close to Wake Forest sporting events and Reynolda Village. This area is also a short drive from the Innovation Quarter and Hawthorne Campuses

Some students opt to live farther from campus in nearby areas such as Kernersville, Clemmons, or Greensboro based on their desired commute and other needs.
