

# High School Summer Research Exposure Program

# WFIRM

Wake Forest Institute for  
Regenerative Medicine

**Dates: June 24th-July 19th**

**Application deadline is March 15, 2024.**

## What we do:

Provide high school students (ages 16-18) hands-on, mentored research experiences in regenerative medicine science in an inspiring and nurturing environment.

## Application Info:

Application details for the annual 4-week High School Exposure Commuter Program will be announced on February 15, 2024.

## More about the program:

The program is designed to increase students' familiarity with the scientific process and the RM field. We also seek to stimulate high school students' interest in advanced education and careers in STEM disciplines and biomedical research.
