

WFIRM

Wake Forest Institute for
Regenerative Medicine

MIDDLE AND HIGH SCHOOL VIRTUAL ACADEMY

**Explore regenerative
medicine with us!**

REGENERATIVE MEDICINE EXPOSURE

Our curriculum introduces students to different parts of this emerging field.

EXPERT-LED LESSONS

Students will learn from some of the leading regenerative medicine experts.

HANDS-ON ACTIVITIES

Activities demonstrate the principles of regenerative medicine with activities including a chicken wing dissection and at-home 3D bioprinting.

CAREER GUIDANCE

Our program highlights the different career paths in regenerative medicine.

July 13 – 17

For
students
14 – 18

Applications
open Feb. 15
