STUDENT ACHIEVEMENT

Placement Rates

Carolinas College identifies, evaluates and publishes goals and outcomes for student achievement appropriate to the institution's mission and vision. The mission of Carolinas College is "to transform lives by educating, engaging, and empowering professionals for an evolving healthcare environment." Accordingly, the college uses several measures to document student achievement.

The college tracks the percentage of graduates who find employment in their field within six months of graduation for clinical programs. The Threshold of Acceptability is the minimum level at which the measure should be attained.

Outcome Measures

Carolinas College identifies, evaluates and publishes goals and outcomes for student achievement appropriate to the institution's mission and vision. The mission of Carolinas College is "to transform lives by educating, engaging, and empowering professionals for an evolving healthcare environment." Accordingly, the college uses several measures to document student achievement.

The college uses the IPEDS Outcome Measures to provide a comprehensive assessment of student achievement. Enrollment and completion data are reported based on award status at four, six, and eight years.

IPEDS Reporting Year	Enrollment Year	Graduated Four Years After Entry	Graduated Six Years After Entry	Graduated Eight Years After Entry
2020	2012-2013	69%	71%	71%
2021	2013-2014	51%	51%	51%
2022	2014-2015	58%	58%	58%
2023	2015-2016	69%	70%	70%
2024	2016-2017	88%	88%	90%

Guaranteed Admission Rates

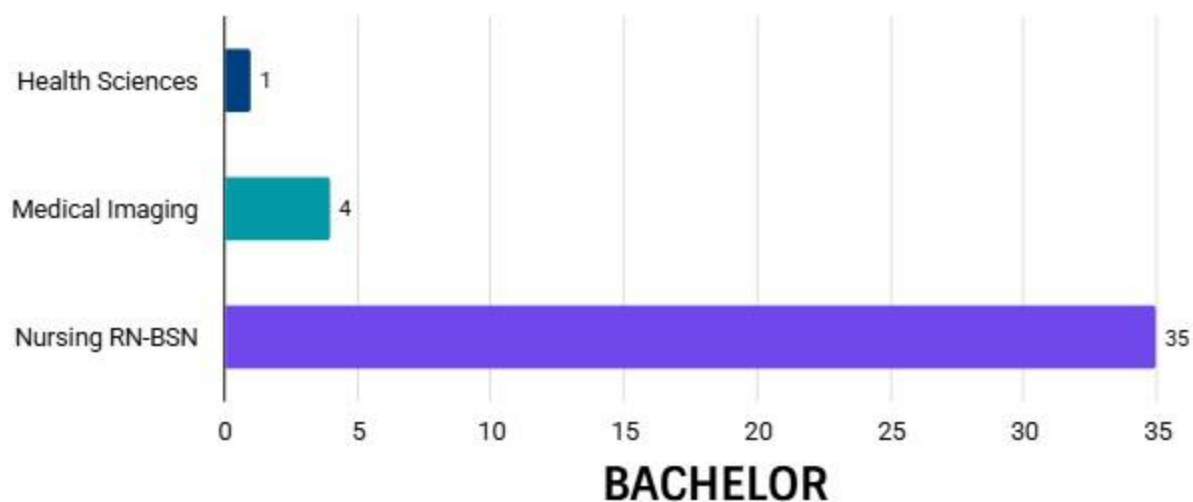

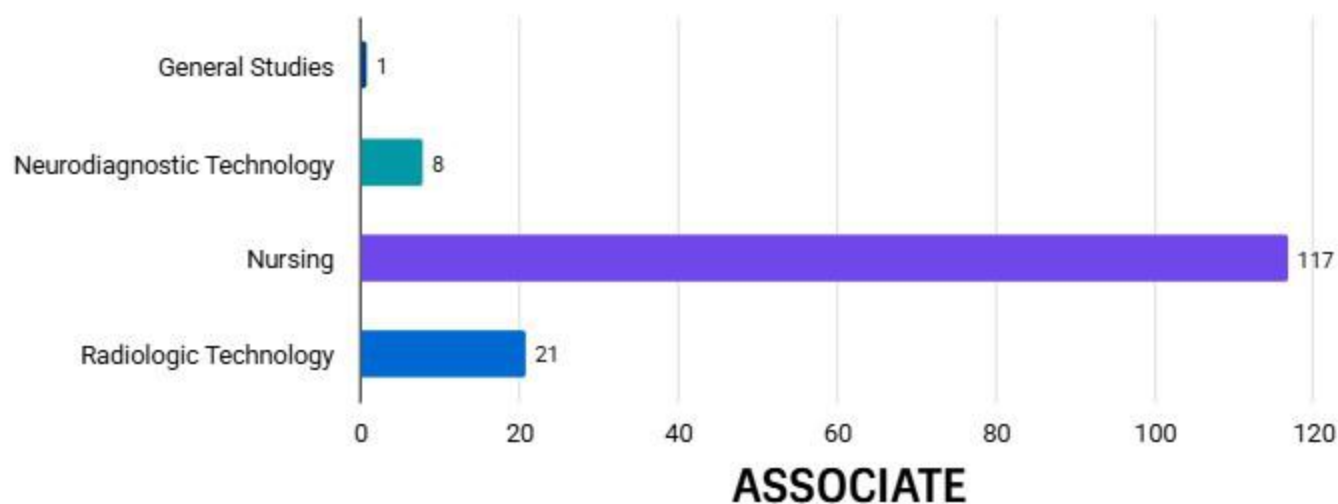

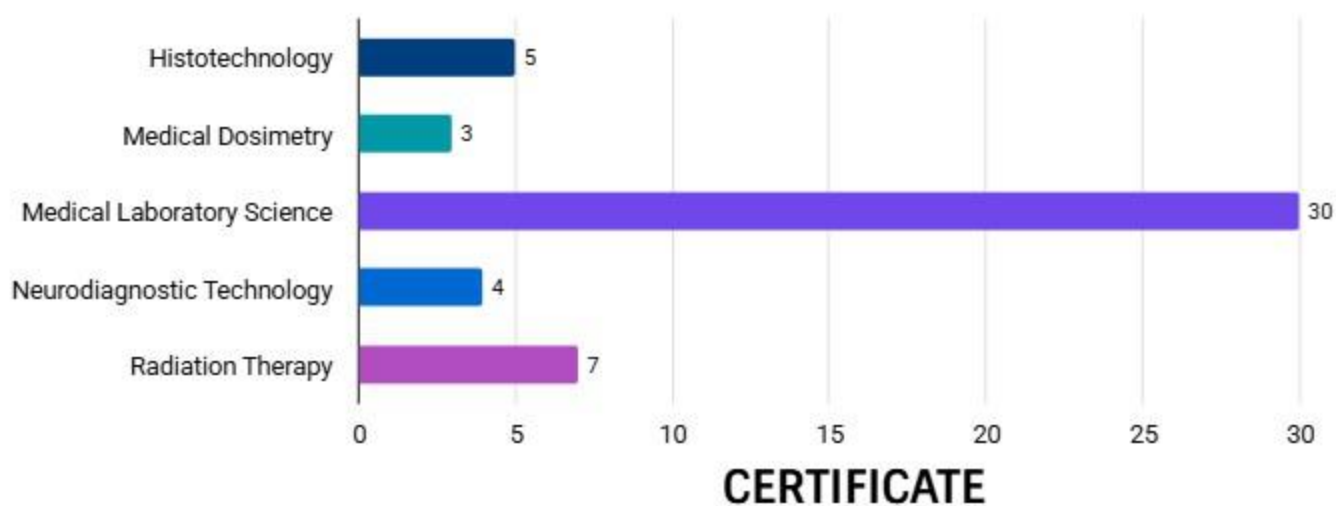

As an indication of student achievement within the general studies program the college uses the percentage of students in pre-clinical programs earning guaranteed admission into a healthcare program. The success of students earning admission into a healthcare program, increases the likelihood of earning a certificate or degree from Carolinas College.

Program	Threshold of Acceptability	Goal
