

**Professional Licensing and  
Certification Disclosure  
Phlebotomy**

Carolinan College clinical programs embrace best practices in healthcare education and prepare students for professional licensure, certification, and practice. Educational requirements to sit for credentialing examinations and to practice vary from one state to the next.

Carolinan College researched educational requirements for the following states and territories, and per federal requirements, has determined whether or not its program curricula meet educational requirements for licensure/certification. Please note that each state likely has additional requirements for becoming licensed or certified.

Carolinan College strongly encourages prospective and enrolled students to contact the licensing board or regulatory agency in the state/territory in which they wish to practice for additional information and to confirm whether successful completion of our program meets state credentialing requirements. Students who complete the Phlebotomy program meet all requirements to sit for the ASCP certification exam. Some states require additional state sponsored training as part of the initial license application. Certification and state-licensure requirements are listed at <https://www.ascp.org/content/board-of-certification/get-credentialed>. For local assistance, please contact Program Chair Melissa Jackson at [Melissa.D.Jackson@CarolinanCollege.edu](mailto:Melissa.D.Jackson@CarolinanCollege.edu) or 704-355-3921. The mailing address for all program chairs is:

2110 Water Ridge Parkway  
Charlotte, NC 28217
